Case Study:

CS Incident and HSE @FAIRFAX MEDIA

"CS Intranet is a key part of our health and safety strategy. It allows us to provide all sites in Australia and New Zealand access to our HSE Management System, and to a suite of tools that supports the ongoing management of health and safety within our business units."

Marcia Largent, Group Health Safety and Environment Manager, Fairfax Media.

About the project...

In 2007 Fairfax Media was seeking a solution to support the delivery of HSE services and management systems through their quickly changing, geographically diverse range of operations and sites. CS Intranet was identified by Fairfax Media as the most suitable product in terms of versatility, cost and ease of use, and has since become a critical component of their management strategy for health and safety.
